Size	10x16

Juried into the Plein Air Painters of New Mexico Member Show. Available for viewing at the Sorrel Sky Gallery from Nov 2 - 21. The river was rushing and the rocks were treacherous But I persevered (even though I stumbled once and then another time). On a hot day, painting here was refreshing and the sound always soothing. This was my painting on the second day visiting the area. "En plein air". Sold with Chilling I.
